GO GREEN with the Environmental Choice!

PREMIUM BALSAM FIR

Get **REAL** this Christmas... with a **Natural Tree**

Did you know:

- Real trees are **100%** **biodegradable**
- Christmas trees absorb carbon dioxide and supply **fresh oxygen**
- Real trees are the smart **eco-friendly choice**
- Environmental groups reuse trees as soil erosion barriers
- Farm-grown trees can **be recycled** into mulch
- Tree farms create jobs every year
- Christmas trees are grown as a crop and **are renewable**
- Artificial trees release lead...a health hazard to your family
